

## SIMULATION LAB

The lab is equipped with the state of the art computing facility which can be accessed remotely by virtue of being on the network. At present, students can make use of the following software/packages to perform high end simulations.

- MATLAB
- AUTOCAD
- SOLIDWORKS
- LABVIEW
- CREO
- EAGLE(PCB Design)
- ANACONDA
- VERILOG
- ABAQUS
- OCTAVE
- OSLO
- ZEMAX
- TwinCAT
